The Secretary of the New Mexico Public Education Department is authorized to hear appeals from the Parties (“Secretary”).

Article I. Recitals.

Section 1.01 Purpose.

The Charter Schools Actⁱ (“Act”) enables a charter school

- to structure its educational program and curriculum to encourage the use of different and innovative teaching methods that are based on reliable research and effective practices, or have been replicated successfully in schools with diverse characteristics;
- to develop different and innovative ways of measuring student learning and achievement which addresses the needs of all students, including those determined to be at risk;
- to create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;
- to improve student achievement;

- to provide parents and students with an educational alternative by creating new, innovative and more flexible ways of educating children within the public school system;
- to encourage parental and community involvement in the public school system; and
- to develop and use site-based budgeting that meets state fiscal requirements.

Section 1.02 Description of the Roles of the Parties

In order to meet the purposes of the Act, the School will determine the process it uses to achieve successful outcomes for the students it serves. The Authorizer's role will be to evaluate the School's outcomes rather than establish the process by which the School achieves the outcomes sought.

Section 1.03 Description of Protocol for Oversight

In order to improve overall performance, the Parties will use a graduated system of oversight and intervention to maintain the balance between School autonomy and appropriate Authorizer oversight. In order to implement a protocol of continuous improvement or to address issues that are not of serious concern, the School may present the Authorizer with improvement plans from time to time to address identified issues. For issues that warrant more formal intervention, the Parties may implement a corrective action plan. If warranted for statutorily denoted acts arising out of the operations of the School, the Authorizer may implement suspension or revocation procedures.

Section 1.04 History

On August 27, 2010, an application for a new charter school was submitted by eligible applicant(s) and approved according to the Act to establish the School.

The school has been renewed one time in 2016-2021, and amendments have been made to the original charter application during the renewal process. On the 16 day of December, 2015 pursuant to the criteria set forth in the Act, the Authorizer passed a resolution approving the School's renewal charter. See, Exhibit 1, Resolution of the Authorizer (APS Board minutes).

Article II. Parties, Notice and Intent.

Section 2.01 Parties

Albuquerque Public Schools Board of Education ("Local Authorizer") has the authority to approve the establishment of a charter school within its district boundariesⁱⁱ.

The Superintendent and other administrative employees of a local school board may provide staff support to the Local Authorizer to perform its oversight functions, provide technical support to the School and make recommendations regarding denial, revocation or suspension of the School. The Superintendent may be asked by the Local Authorizer to oversee the implementation of this Contract on behalf of the Local Authorizer. (The Local Authorizer shall be referred to as "Authorizer" from this point forward.)

Section 2.04 Amendment to the Contract Is Construed as an Amendment to the Charter.

The Parties agree that the only provisions of the Charter required to be amended (if the School seeks to change any of those provisions) are those listed as material terms in Article 6 below. The Parties agree that an amendment to Article 6 of this Contract will also be construed to be an amendment to the Charter without further action by either Party.

Article V. Performance Frameworks.

Section 5.01 Performance Framework Overview.

The School's performance shall be based on three Performance Frameworks, an Academic, an Organizational and Financial Framework, which are discussed further below. Each Framework will include indicators, measures and metrics. As referenced above, these Performance Frameworks and the annual performance indicators are part of the Essential Documents governing the Parties.

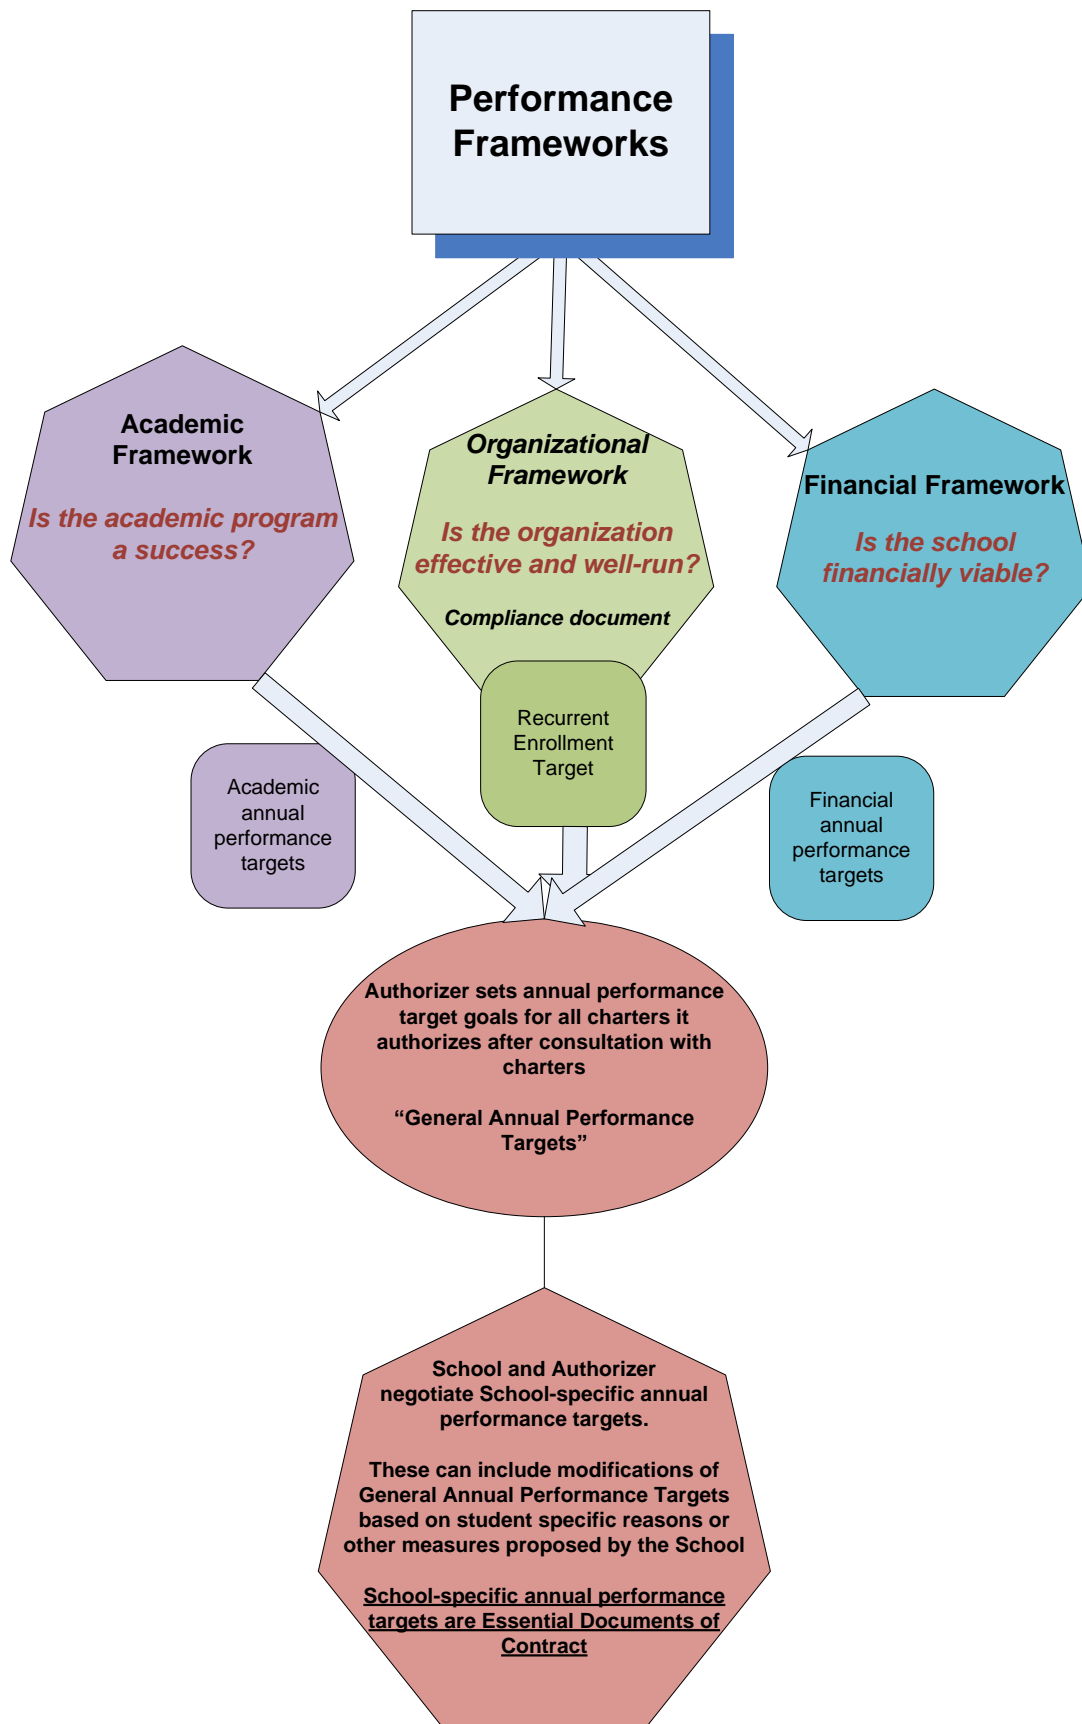

These Performance Frameworks will be used to monitor and assess the performance at the School. Information resulting from the Frameworks shall be used to guide technical assistance and to assist the School in improving overall performance during the term of this Contract.

Section 5.02 Annual Performance Indicators.

Each Performance Framework is set up to establish annual performance targets. To set the annual performance targets, the Authorizer shall set general annual performance indicators for its authorized schools after consultation with those schools. The Parties shall then negotiate school-specific annual performance indicators for each year this Contract is in effect. These annual performance indicators may include additional rigorous, valid and reliable indicators to augment external evaluations of the School's performance.

The Performance Framework indicators and annual performance indicators established for each year of the Charter term shall be included in the Essential Documents as Exhibit 6.1, 6.2, 6.3, 6.4 and 6.5 as each document is created for each year of the Contract.

Section 5.03 Progress on Performance Framework Indicators and Annual Performance Targets.

The School shall make satisfactory progress towards the School's specific indicators which are included in the Organizational, Academic, and Financial Frameworks by meeting or exceeding the standard as set forth in the School specific indicators. If the Authorizer finds that the School is not making satisfactory progress toward any or all of the annual School specific indicators, the Authorizer may take such action as allowed by this Contract or by law, rule or regulation, including implementing the corrective action processes as set forth in this Contract (including Articles IX and XII) or by law, rule or regulation.

The renewal of the School's charter shall be based substantially on the data collected regarding how the School is progressing towards the annual School specific indicators and compliance with the terms of this Contract. Each Organizational Indicator outlines the evidence that the School may show the Authorizer to show compliance with that Indicator. In addition, the Authorizer will provide a guidance document to show how a school can show compliance with Organizational Indicators. The Parties will negotiate how the School will show compliance with its Academic Indicators. The information from the Financial Framework will come from the annual School audit.

During the Annual Site Visit, the Authorizer and School shall review annual School specific indicators established the previous school year. Next, the Parties shall negotiate annual School specific indicators for the next year considering and

incorporating the general annual performance indicators set by the Authorizer for that year unless negotiated otherwise by the Parties.

Article VI. Organizational Framework.

Is the organization effective and well run?

The Organizational Framework is a compliance checklist that ensures that the School is responsive to the needs of its students, employees and School community. This framework looks at organizational, overarching processes established to ensure efficient operations by the School by looking at compliance with laws. One indicator negotiated annually, that related to recurrent enrollment, is included in this framework.

The annual school indicators set forth in the Organizational Framework are set each year and attached in Exhibit 6. To the extent that a conflict between the descriptions of the Organizational Framework components set forth in this Section and the annual indicators of the Organizational Framework, the annual indicators will control. This Contract sets out each Organizational Framework indicator generally in order to present a complete understanding of the obligations of the Parties.

The following is a general description of the Organizational Framework areas of focus.

Section 6.01 Organizational Framework, Education Program

1.a. Is the school implementing the material terms of the Charter as defined in this section?

Organizational Framework Question 1.a. Description. The School shall demonstrate evidence of achieving the material terms of the Charter in all respects.

If the other Party does not agree with the alternate designation, it shall give notice within 5 business days. In the event that the Parties

cannot agree on a mediator the two proposed mediators shall meet within 5 business days to appoint a third person to act as mediator. The appointed mediator shall mediate the dispute.

Each Party shall pay one-half of the reasonable fees and expenses of the mediator. All other fees and expenses of each party, including without limitation, the fees and expenses of its counsel, shall be paid by the Party incurring such costs.

Mediation shall be completed within 40 working days unless another date certain is set by the Parties and mediator.

If the matter is able to be resolved through Mediation at the Administrative Level, the School through its staff and Authorizer through its staff shall jointly draft a document identifying the Mediation Resolution and notify the Parties of the Mediation Resolution. If the Mediation Resolution requires an action of the School and the Authorizer, such Mediation Resolution shall be presented at the next respective governing board meeting of the Parties. If necessary, the Parties shall call a special or emergency meeting to approve any Mediation Resolution. In the case that Party approval is needed under this paragraph, the Mediation Resolution shall take effect only if approval is given by both Parties and shall have no effect otherwise.

If no resolution is reached by the Parties, then the mediator shall render a written proposal with a proposed resolution of the mediator concerning the matters in

controversy, together with his/her findings in the event that the Parties do not come to any agreement. The Proposed Resolution of the Mediator shall be presented to each Party. The mediator shall note any provision in the proposed resolution that would require a vote of the respective Parties.

Section 10.06 Governing Body Consideration.

If a Mediation Resolution has not been reached within 40 business days of the appointment of the mediator, both representatives shall submit the matter to the respective Parties for consideration along with the Proposed Resolution of the Mediator.

The matter shall be placed on the next regular meeting of each Party, unless a special or emergency meeting is warranted. Prior to the board meeting, the Parties may designate a subcommittee to meet with the subcommittee of the other Party for informal discussions. The subcommittee shall be less than the quorum needed for a meeting of the Governing Board. The subcommittees shall meet jointly to consider the proposals of each Party and the Proposed Resolution of the Mediator. If the subcommittees of the Governing Boards can identify a Joint Proposal that may resolve the dispute, the Joint Proposal of the subcommittees shall be presented at the next meeting of each Party. The Joint Proposal shall be discussed in the public meeting and public comment shall be heard on the Joint Proposal. The Joint Proposal shall then be voted on by the Parties. A special or emergency session may be called of each Party, if needed.

If both Parties adopt the Joint Proposal, the issue shall be deemed resolved according to the terms of the Joint Proposal. If one or both Parties reject(s) the Joint Proposal, then the dispute resolution process shall be deemed to have failed and to have ended.

Section 10.07 Process for Final Resolution of Dispute.

If settlement of the dispute is not reached through mediation or by agreement of the Parties, either Party may pursue any right or remedy to which it may be entitled by law.

Article XI. Renewal.

Section 11.01 Renewal Timeline and Process

The School shall submit its renewal application to the Authorizer on or before October 1 of 2020. The Parties may mutually agree to an extension of the submittal of the renewal application; such extension shall be memorialized in writing. The Authorizer shall vote on the renewal application in a public hearing no later than January 1, of the year in which the Contract expires; i.e. January 1, 2021, unless extended by agreement.

Section 11.02 Required Information.

The renewal application shall contain the information required by law¹.

The Authorizer may require the school to review and revise the plan if it is not effective in remedying the deficiency.

(e) Effect of Successful CAP Response.

Successful completion of the CAP shall be acknowledged by the Authorizer in writing and the corrected infractions addressed by the CAP shall not be a basis for future nonrenewal or revocation actions. However, if the School does not successfully correct the Authorizer's concerns, the Authorizer may take additional steps to insure compliance, which include, but are not limited to seeking assistance from the CSD or another technical assistance provider to implement a plan for correcting the

Authorizer's concerns. Failure to comply with the requirements of the CAP may also be considered by the Authorizer when making decisions about renewal, suspension or revocation.
