

NMIS PARENTS!

Do you have a special talent you could share with our students?

Could you volunteer to run an After School Program?

CONTACT US Today! nmis.afterschool@gmail.com

**WE NEED YOU or your FAMILY
MEMBERS / FRIENDS!**

Are you or a family member willing to hang out with our students for an hour or so each week? You can bring your special talent or come play games, cook, read or so much more with our students!

Some Examples of Classes:

Book Club-Do you like to read? You could bring Reading Rainbow to our kids, help with the book review contest and help strengthen their reading skills.

Board Game Club-Come teach our students a new board or card game and have some fun!

NMIS Scouts-no need to distinguish boy vs girl, we had this a few years ago and it was great. Maybe a new parent would be willing to take this up again?!

Beads, Bracelets and Bedazzling, OH My!-Kids can make crafts with beads, or we bring back the old art of making friendship bracelets. Any of you crafters, scrapbookers, we'd love to have you share your passion with our students!

Cooking-Maybe a couple / grandparents would be willing to team up to show kids how to make traditional NM dishes and if we can get some of the families from other cultures to join that would be great. Wouldn't that be awesome if the kids got to learn how to make a new dish from a different culture every week?

You could team up with another parent as well & help out 2x / month!
Let's be creative & provide our families the best after school programs possible!
